WE IMPORT !

Ato Sherefa Al Husen is the founder and president/chief executive of the Alhusen general import and export. Sherefa Al-Husen is a young and energetic entrepreneur. He has strong potential in the business industry. As the CEO of Al- Husen general import and export and other business sectors, his work has given job opportunities for many people. He is an industrious and courageous person with a dream to achieve the highest standards of the industry. His work will indeed make a vast economic impact.

The core business focus of the Group is to provide local, value-added products and services and export high standard natural products to all over the world. Adhering to policies of accountability and transparency, our companies achieve value greater than the sum of their parts. With our passion to create a sustainable economic growth, our companies collaborate with their best potentials.

WELCOME TO

ALHUSEN GENERAL IMPORT AND EXPORT

Al-husen import and export is all about creating ventures that can influence lives of people in Ethiopia. We believe in establishing impactful businesses that are socially responsible to cater for people's needs. Our companies succeed through cooperation and innovation. We overcome challenges through perseverance and teamwork.

We are dedicated to providing what nature has served us. When we commence on agricultural products, honey making, and cattle breeding, we have built a reputation for providing high-quality products. We process with care and compassion in every product we handle.

We also take a considerate amount of interest towards expanding our business to general import, such as construction machineries, generators, steel materials and so much more. We also aim to be distribute machineries to the African countries to increase development and industrialization. Stay connected with us for the best outcome you are looking for.

MISSION AND VISION

MISSION

Our mission is to provide natural products of agriculture and livestock with a high standard of care and professionalism. We intend to be the way of income for youths and create a sustainable development.

VISION

Our vision is to become the leading company in Ethiopia, which is perceived internationally while maintaining an honest and welcoming relation with our clients and building a vast impact.

CORE VALUES

INTEGRITY

We endeavour to do the right thing in the right way. Our business decisions and actions are framed by ethical and moral values as well as legal requirements.

PROFESSIONALISM

Professionalism ensures our longevity in this dynamic business world. We believe that professional attitudes and behaviors create superior value for all our customers and society at large.

We provide clients with information relevant to our decision-making process. We are open to new challenges and possibilities

GREAT SERVICE

Delivering great service to our customer and clients and to each other is good business. It's also the right thing to do.

OUR SERVICES

WE EXPORT !

LIVESTOCK

With a total of 10 hectares of land, we breed our cattle in Awash Bishola. We choose Awash Bishola for its favorable climate and persistent weather throughout the year. Our cattle size ranges from 15 -250 kilograms. They are naturally fed from our land. It is 100% organic. With all our experience in cattle breeding we offer you the best products.

FRUITS

Nature has offered us a variety of organic products to deliver your benefit. We export strawberries, papaya, and avocado from our farmland. Ethiopia's avocado is one of the most promising fruit crops with a variety of types. You can get the fruits throughout the year with seasonal varieties. We deliver fresh and organic fruits with best quality.

HONEY

SETTLING OUR BEE HIVES IN JIMMA AND BALE ROBE, WE ARE COMMITTED TO HARVESTING OF PURE HONEY. WE BELIEVE OUR PRODUCT IS A PROOF FOR OUR QUALITY. ONCE YOU CHOOSE OUR HONEY PRODUCTS YOU WILL BE SATISFIED TO BE A LONG TIME CUSTOMER.

ETHIOPIAN PULSE

Ethiopia is said to be the center of origin and diversity for different pulses ranging from red beans, chickpeas, cowpeas, lentils, fenugreek, to mung beans. We have numerous categories of Ethiopian pulses with a quality you can trust.

ETHIOPIAN OILSEED

Ethiopia is one of the centers of biodiversity for several oilseeds which can be considered as specialty high-value seeds on the international market. We export white and black sesame, pumpkins seeds, ground nuts, castor seeds, niger seed, linseed and safflower.

ETHIOPIAN SPICES

We sell authentic Ethiopian spices with variety of them. From farm to production, we deliver Ethiopian spices berber, and shiro. We cultivate every ingredient and process it to standardized quality. We deliver organic products that fits your health.

WE IMPORT !

CONSTRUCTION MACHINERIES

Various building construction materials including, floor materials, ceramics, waterproof building materials, epoxy paints, corrugated iron sheet, and nails are found upon us. We distribute our products in partnership with reputable manufacturers and suppliers who can guarantee their product quality with complete technical back up service.

Alhusen import and export have an unmatched range in waterproofing from the highest standard industrial crystalline waterproofing admixtures to the full acrylic coatings for any conceivable requirements.

We have long-standing goodwill as a supplier of some of the world's largest brands in construction finishing materials imported from across the world. Some of our products are Floor and Wall Tiles, Sanitary and Bath ware, Relaxation units and Furniture

STEEL

We import re-bars from our partner manufacturers. We supply structural steel products as well as metal products which are inputs to the construction industry.

GENERATORS

With a strong reputation for integrity and professionalism, our mission is to set the standard for energy systems performance and service. We offer a wide range of products, which are supported by our proven years of unrivaled, reliable and consistent service. These products have established high benchmarks as preferred solutions for energy needs worldwide.

Any size or shape, in any regulatory environment, our commercial and industrial generator sets are used in a variety of applications. We are also a value-added provider of equipment and service for the highest-quality distributed energy systems. Each of our generator set are equipped with parts from world reputed enterprises. We will provide comprehensive solutions to different clients with various demands and the power ranges from 30 kVA to 1000 kVA.
